Units for concrete reinforcement

**Straightening, cutting, bending and re-bundling of type approved reinforcing coils
B600XA, B600XB and B600XC in diameters 5-11 mm**

This certificate is based on an initial type assessment of the product (test report EUFI29-24003485-T1) and an initial inspection of the factory production control (inspection report EUFI29-24003912-I1) according to the standard SFS 1267:2008 and certification criteria R080.

The company is entitled to use the certification mark on products fulfilling the requirements. The certificate holder is responsible for ensuring that the products comply with the requirements.

Units for concrete reinforcement must be marked as required by standard SFS 1267.

This certificate is valid until 1.10.2029 on condition that the product or the product specifications are not essentially changed, and the manufacturer and Eurofins Expert Services Oy have a valid contract on quality control. To check the validity of this certificate, www.sertifikaattihaku.fi. Other conditions are listed on page 2.

PRODUCT CERTIFICATE

No EUFI29-24003910-C/EN

Issued 1.10.2024

Updated 13.11.2024

Valid until 1.10.2029

2 (2)

Where reference is made in this certificate to any regulations, publications, standards, or other documents, it shall be construed as a reference to such publication in the form of which it is in force at the date of this certificate.

The manufacturer is responsible for the quality and continuous quality control of the product. In granting this certificate, Eurofins Expert Services Oy does not accept responsibility to any person or body for any loss or damage incurred in respect of personal injury arising as direct or indirect result of the use of this product.

The use of the name of Eurofins Expert Services Oy or the name Eurofins in any other form in advertising or distribution in part of this certificate is only permissible with written authorisation from Eurofins Expert Services Oy.

This certificate is the English version of the original EUFI29-24003910-C Finnish certificate. In case of dispute the Finnish original of the certificate is valid.

The certificate was updated 13.11.2024. The requirements for marking the units for concrete reinforcement were specified.
